## No Time to Regret - Queen of The Galaxy

1. Tell me, my old friend  
 now when you see it clear  
 What's left in the end  
 when the death is near  
 whom should I give my trust  
 and whom I'd give my care  
 do I live too fast  
 do I live too spare

Ref: No time to to regret  
 for all the chances I had  
 All the time I felt, I was losing my ground.  
 I remember you said, make sure you never gonna have  
 no time to regret

2. Tell me, my old friend  
 What I still don't see  
 Where my life will wend  
 What'll be left of me  
 I was looking for wisdom  
 In many clever books  
 All I found was a freedom  
 make my life as it looks

Ref1: No time to to regret  
 for all the chances I had  
 All the time I felt, I was losing my ground.  
 Now I know why you said, make sure you never gonna have  
 no time to regret

## Mysterious Skies - Queen of The Galaxy

(capo 3)

1. It doesn't need to be sunny  
 To see the beauty in your eyes  
 Colorful and Gray  
 Mysterious Skies

2. Through the clouds can't see the blue  
 We may never see it through.  
 Maybe if you close your eyes  
 You may feel mysterious skies.

ref. |: Shiny and so dark, Silky with a spark  
 Empty and so full, Chaos with no rule  
 Cloudy and so clear, Brave, still feeling fear  
 Overwhelming pain, No chance to restrain :|

bridge: That's the way it all should be  
 The clouds are all we supposed to see.  
 Open heart and close your eyes  
 See them clear mysterious Skies.

instr. ref

 To see the beauty through your eyes  
 The World is still right here  
 mysterious skies.

# We're all the same - Queen of The Galaxy

1. Every morning's a brand new fight, Fearful shadows and fading light  
 We wear our scars like battle gear, Hiding the pain, hiding the fear  
 We walk the line, we stumble and fall, We rise again, I've seen it all  
 In the mirror, a face that's tired and worn, But in the cracks, a soul reborn

Pre- You're not alone, I feel it too, The weight you carry, I've carried it too  
 Chorus Through the fire, through the rain, We're a different song but the same refrain

ref We're all the same, fighting our wars, Behind closed doors, on broken floors  
 We bleed, we cry, we laugh, we love, Under the same sky, stars above  
 We're all the same, suffering pain, Singing our hearts out in pouring rain  
 We're all the same, yeah, we're all the same

2. Every demon's got a different name, But they whisper lies, they play the same game  
 They tell you're weak, that you'll never win, But strength is found when you just begin  
 We're a million voices, a simple song, Each note broken but we're still strong  
 In the chaos we find our peace, In the struggle, a faith release

Pre- You're not alone, I feel it too, The battles you fight, I've fought them too  
 Chorus Through the darkness, through the flame, We're different faces but the heart's the same

ref1. We're all the same, fighting our wars, Behind closed doors, on broken floors  
 We bleed, we cry, we laugh, we love, Under the same sky, stars above  
 We're all the same, suffering pain, Singing our hearts out in pouring rain  
 We're all the same, yeah, we're all the same

Bridge When you're falling, when you're lost, When you're counting up the cost  
 Look around, you'll see us there, We're the proof that someone cares  
 When you're falling, when you're lost, When you're counting up the cost  
 Look around, you'll see us there, We're the proof that someone cares

ref2. We're all the same, fighting our wars, Behind closed doors, on broken floors  
 We bleed, we cry, we laugh, we love, Under the same sky, stars above  
 We're all the same, suffering pain, Singing our hearts out in pouring rain  
 We're all the same, yeah, we're all the same :|
