Voda čo ma drží nad vodou - Elán

1. Keby bolo niečo čo sa ti dá zniesť
 okrem neba nado mnou a miliónov hviezd
 tak by som to zniesol vždy znova a rád,
 k tvojim nohám dobré veci ako vodopád.

2. Keby som mal kráčať sám a zranený
 šiel by som až tam, kde tvoja duša pramení
 keby som ten prameň našiel náhodoooou
 bola by to voda čo ma drží nad vodou.

REF Môžeš zabudnúť, stačí kým tu si
 iba ďalej buď nič viac nemusíš.

REF2 Chcem sa z teba napíť, šaty odhod' preč
 čo má byť sa stane tak cez moje dlane
 ako čistý prameň teč
 ak ťa ešte trápi smútok z rozhodov
 ono sa to poddá, ty si predsa voda
 čo ma drží nad vodou.

Scared To Start - Michael Marcagi

1. She's wearing an old dress, walking it out
 Waiting for someone to turn her around
 But she won't believe you
 When you fall down on your knees

2. She fell asleep listening to my friends
 Talking on and on about how the world ends
 Then she wakes up
 And climbs in my front seat
 And she said

Ref1 "Don't you wait to try it
 Are you scared to find it?
 And do you wanna take my broken heart?
 Are you scared to start?"

3. Let's lay in the dead grass, stare at the stars
 Run away and live out of cars and bars
 Let's just leave here
 'Cause there's nothing left to see

4. And, if that's wrong, let's make it right
 And, if you leave, just give me one more night
 'Cause there's no one
 That you'll find that's quite like me
 And she said

Ref2 "Don't you wait to try it
 Are you scared to find it?
 And do you wanna take my broken heart?
 Are you scared to start?"

5. You don't need a paycheck, don't need the rent
 You can take it all 'cause it's already spent
 We can burn out, just as long as we burn bright
 And she said

Ref3 "Don't you wait to try it
 Are you scared to find it?
 And do you wanna take my broken heart?
 And will you ever heal from all these scars
 And did you wait to take it all so far
 Are you scared to start?"
